## **EAN pallet labelling**

The traceability of all materials that come into contact with foodstuffs came under statutory control from 27 October 2006 (EG No. 1935/2004). EAN Standard code 128 is a way of establishing more extensive international article identification. All logistically relevant data is collated and used to create a system for tracing and monitoring goods.

This is the label for our pallets:

# NEWMARKET FRESH FREERANGE

## Description of article

(max. 3 lines of 9 characters)

R534046-8624

## Article number

70337884 15-99

## Identification Number (Hartmann internal)

**15:** Pallet no. 15 of 99

**99:** Order quantity in pallets

Qty/bdl: 59

## Number of packs per bundle

GTIN: 570563700002X 06.08.06

**GTIN:** Global Trade Item Number

**57:** Country code for company HQ: Denmark

**05637:** Company reference number issued  
by the GSI organisation: Hartmann

**00002:** EAN of the article enclosed

**X:** Check digit

**06.08.06:** Date of production

Batch: 512323412 Units: 2891

**512323412:** Batch number (Hartmann internal)

**Units:** Number of packs per pallet

SSCC: 25705637000000012X

**SSCC:** Serial Shipment Container Code

**1/2:** Prefix (Hartmann internal)

**57:** Country code for company HQ: Denmark

**05637:** Company reference number issued  
by the GSI organisation: Hartmann

**000000012:** 9-figure serial number (unique for each pallet)

**X:** Check digit

## EAN Code

**02/01:** Data designation for GTIN item (14-figure)

**11:** Data designation for date of production

**37:** Data designation for number of packs per pallet

## EAN Code

**00:** Data designation for SSCC item

**10:** Data designation for batch number (Hartmann internal)
