
Non-GMO & Nano Technology Declaration Statement

January 5, 2026

This declaration statement covers Hartmann egg carton packaging of the following designs: HartTop, HartVue and Hybrid.

Our molded egg cartons are manufactured with recycled newsprint and post industrial recycled paper as our raw fibre material and the addition of various FDA approved chemicals, inks and glues within our process.

It is our understanding that currently our process chemicals are not manufactured with GMO-based derivatives, nano-technology based raw materials and ionizing radiation.

Additionally, we do not use synthetic fungicide, fumigants, preservatives nor pesticides in manufacturing of our egg cartons in accordance with CAN/CGSB-32.310-2020

Any modifications to this declaration that affects this compliance statement will be communicated directly to you.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Bruce Strecheniuk'.
